## Enter Our Drawing for a Free Pneu-Dart G2 X-Caliber Remote Drug Delivery Projector

### Open to Qualified 6<sup>TH</sup> IHBCW Participants

Workshop sponsor Pneu-Dart has generously donated a G2 X-Caliber Remote Drug Delivery (RDD) Projector to the 6<sup>th</sup> IHBCW. Our goal is to see that this very useful piece of equipment goes to an IHBCW attendee who is a member of a wildlife management organization (i.e., state, provincial or federal agency, university, NGO) that actively works with bears.

We invite interested IHBCW participants who meet the qualifications to submit an entry on behalf of their organization for the Pneu-Dart projector drawing. No purchase is required. Pneu-Dart will ship the projector to the winner of the drawing.

To enter the drawing, please email IHBCW committee member Stewart Breck at [sbreck@rams.colostate.edu](mailto:sbreck@rams.colostate.edu) using this subject line: **IHBCW Pneu-Dart Drawing**. Please include the following information:

- 1) Name of person entering the drawing.
- 2) Name of agency or organization that will be receiving the dart projector.
- 3) A short (approximately 100 words) paragraph describing your organization's current or planned black bear research or management work that involves or would benefit from using a dart projector and the organization's legal authority to use the projector.

Read about the G2 X-Caliber here: [Projectors - Pneu-Dart \(pneudart.com\)](http://Projectors - Pneu-Dart (pneudart.com))

## Winner Will Be Drawn Thursday at the Close of the Workshop

**Winner must be present to win**
